

SEG Standard Team Membership 2023

1. Purpose

This specifies the membership of the SEG Standard Team, to lead the substantive revision for the SEG Standard for the European eel in 2023. as it undergoes a substantive revision in 2023.

2. Criteria

2.1 These are the criteria for the team specified in Annex 1 of 102 SEG Standard Development and Revision Procedure V2.0:-

The SEG Standard Team shall consist of a minimum of four (4) and maximum of ten (10) people comprising:

- *One member of the SEG Board representing each of the three SEG membership categories*
- *A maximum of seven (7) additional experts appointed by the SEG Board*

The SEG Standard Team may appoint advisors or sub-groups to assist with the resolution of any emerging challenging matters.

The SEG Board shall aim to ensure that the SEG Standard Team's membership includes members with experience and expertise in the following areas, to link with the three pillars of sustainability:

- **Social:** *traditions, fishing, food provisions, eating, history, art*
- **Environmental:** *eel conservation, habitat improvement*
- **Economic:** *eel trade, culture, water operations*
- **Scientific:** *eel protection and management, eel biology*

3. Membership

3.1 The initial membership of the team shall be:

Name	Area of expertise	Organisation	Country
David Bunt (Chair; SEG Standard system Manager)	Environmental	Sustainable Eel Group	United Kingdom
Willem Dekker	Scientific	Sweden University (ex)	Netherlands
Alex Koelewijn	Economic	Dupan	Netherlands
Alexander Wever	Social	Aal Initiative	Germany

3.2 As specified in the criteria above, additional experts may be appointed by the SEG Board. We are particularly keen to recruit someone independent to provide information representative of the significant commercial eel sector in France. When they are, this SEG Standard Team Membership will be updated and published.
